

NACS to CCS1

Technical features

Current	Non liquid cooling 380A rated,
	Liquid cooling 500A@25min
	600A@10min boosted mode
Voltage rate	Power 1000VDC
Operation temp.	-40 to 105 °C
Ambient temp.	-40 to 40°C
Durability	10000cycles
Waterproof	Type 3S mated, IP67 Enclosure
Fire classification	V0
Product specification	UL2252
Temperature switch	Switch off when the temperature exceeds 90 °C
Locking mechanism	A special mechanism can prevent the adapter from being unplugged during the charging process, thereby effectively preventing the possibility of hot plugging
