Amphe-PD™

Technical Information

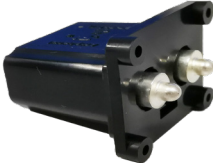

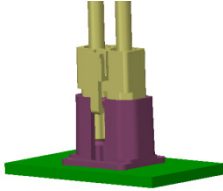

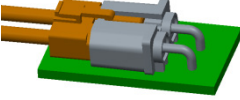

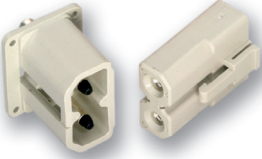

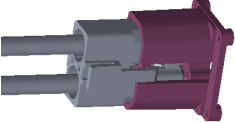

- Current Rating: 55A~120A
- Voltage Rating: 1000V AC
- UL certified. Color available in black and gray
- Operating temperatures range: -40~125 °C
- Applicable cable: 4~12AWG
- Crimp cable, soldering, bolt on termination

Application

Datacom, Factory Automation/Robotics, Server, Power Suppliers

Amphe-PD™ Product Data

PD Type	Example	Part Number	Rated Current	Application	Mated Part
Vertical Receptacle (Solder)		3.6mm: C10-752155-000 C10-747781-000	~69A or customized higher		Depends on wire gauge and specific applications.
Horizontal Receptacles (Solder)		3.6mm: C10-752109-000	~69A or customized higher		
Connectors (Bolt On)		3.6mm, 5.7mm Color available in black, gray	55~120A		Depends on wire gauge and specific applications.
Connector & Cable Assembly		3.6mm, 5.7mm Color available in black, gray	55~120A
